🔗 GFG

EDUCATION

Bachelor of Technology, Computer Science and Information Technology

2023 – 2027

KIET Group of Institutions, AKTU | CGPA: 8.0 (Current)

Ghaziabad, Uttar Pradesh

EXPERIENCE

RDNS Infrastructure Private Limited [Certificate: ↗](#)

June 2026 – July 2026

Full Stack Developer Intern

Remote

- Completed a one-month internship focused on Full Stack Web Development, gaining practical exposure to modern web technologies and industry development workflows.
- Strengthened frontend and backend development fundamentals through guided web development tasks, debugging, and problem-solving activities.
- Collaborated with the development team while learning Git/GitHub, version control practices, and the software development lifecycle.

TECHNICAL SKILLS

Programming Languages: Java, JavaScript

Frontend Development: HTML, CSS, React.js, Tailwind CSS.

Backend Development: Node.js, Express.js, REST APIs, JWT Authentication, Socket.IO.

Databases: MongoDB, MySQL, PostgreSQL, CRUD Operations.

Core Concepts: Data Structures & Algorithms (DSA), OOPS, DBMS, Operating Systems.

Developer Tools & Deployment: Git, GitHub, VS Code, Cloudfare, Clerk, Gemini API, Clipdrop API, Vercel, Render.

ACADEMIC PROJECTS

AI Studio – AI-Powered SaaS Platform [Live Demo: ↗](#)

- Built a full-stack AI platform for article and blog title generation, AI image creation, background and object removal, and AI-powered resume review.
- Integrated Google Gemini and Clipdrop APIs with Clerk authentication and Neon PostgreSQL for AI processing, secure user access, and content management.
- Deployed the React frontend on Vercel and Node.js/Express backend on Render with environment-based configuration.

QuickChat - Real-Time Chat Application [Live Demo: ↗](#)

- Built a MERN stack real-time chat application with JWT authentication, bcrypt password hashing, and 6+ RESTful APIs.
- Integrated Socket.IO and Cloudfare for instant messaging, online user presence, and image sharing using MongoDB Atlas.
- Deployed the frontend on Vercel and backend on Render with production-ready environment configuration and CORS setup.

CivicSync Dashboard and App [User App: ↗](#) [Admin Dashboard: ↗](#)

- Built a MERN-based civic issue platform with separate Citizen and Admin dashboards for reporting and resolving complaints.
- Integrated geolocation and image uploads for accurate issue identification and verification.
- Implemented REST APIs for issue reporting, status management, and communication between users and administrators.

CERTIFICATIONS

MongoDB Developer Certification [↗](#)

AWS Certified Cloud Practitioner [↗](#)

ACHIEVEMENTS

Competitive Programming: 500+ problems solved across LeetCode, GFG, and CodeChef : LeetCode Rating (1550+) , CodeChef Rating (1400+).

Academic: Maintained CGPA of 8/10 with strong performance in DSA, OOP, DBMS, and Operating Systems.

Member, Technocrats Club (2023–2025): Actively participated in technical workshops, coding events, and student engagement activities.
