EDUCATION

Bachelor of Technology, Computer Science and Information Technology

2023 – 2027

KIET Group of Institutions, AKTU | CGPA: 8.0 (Current)

Ghaziabad, Uttar Pradesh

EXPERIENCE

RDNS Infrastructure Private Limited [Certificate: 🔗](#)

June 2026 – July 2026

Full Stack Developer Intern

Remote

- Completed a one-month internship focused on Full Stack Web Development, gaining practical exposure to modern web technologies and industry development workflows.
- Strengthened frontend and backend development fundamentals through guided web development tasks, debugging, and problem-solving activities.
- Collaborated with the development team while learning Git/GitHub, version control practices, and the software development lifecycle.

TECHNICAL SKILLS

Programming Languages: Java, JavaScript

Frontend Development: HTML, CSS, React.js, Tailwind CSS.

Backend Development: Node.js, Express.js, JWT Authentication, Socket.IO.

Databases: MongoDB, MySQL, CRUD Operations.

Core Concepts: Data Structures & Algorithms (DSA), OOPS, DBMS, Operating Systems.

Developer Tools & Deployment: Git, GitHub, VS Code, Cloudinary, Vercel, Render.

ACADEMIC PROJECTS

QuickChat - Real-Time Chat Application [Live Demo: 🔗](#)

- Built a MERN stack real-time chat application with JWT authentication, bcrypt password hashing, and 6+ RESTful APIs.
- Integrated Socket.IO and Cloudinary for instant messaging, online user presence, and image sharing using MongoDB Atlas.
- Deployed the frontend on Vercel and backend on Render with production-ready environment configuration and CORS setup.

CivicSync Dashboard and App [User App: 🔗](#) [Admin Dashboard: 🔗](#)

- Built a MERN stack application achieving 99.9 % data uptime by utilizing MongoDB Atlas cloud hosting.
- Integrated geolocation tagging to provide 95%+ visibility and transparency for real-time issue tracking.
- Developed Node.js APIs that reduced manual reporting steps, cutting communication lag by 40%.

FoodE - A Food Ordering Website

- Architected a React.js front-end using reusable components to reduce code redundancy by 30%.
- Deployed RESTful APIs for cart management, handling 100+ concurrent requests during testing without performance drops.
- Optimized the UI to create a 3-step checkout journey, improving the flow from product selection to completion.

CERTIFICATIONS

MongoDB Developer Certification [🔗](#)

AWS Certified Cloud Practitioner [🔗](#)

ACHIEVEMENTS

Competitive Programming: 500+ problems solved across LeetCode, GFG, and CodeChef : LeetCode Rating (1550+) , CodeChef Rating (1400+).

Academic: Maintained CGPA of 8/10 with strong performance in DSA, OOP, DBMS, and Operating Systems.

Member, Technocrats Club (2023–2025): Actively participated in technical workshops, coding events, and student engagement activities.
